Part I Overview and main indicators. Part I of the Fishery and Aquaculture Country Profile is compiled using the most up-to-date information available from the FAO Country briefs and Statistics programmes at the time of publication.

FAO Fisheries & Aquaculture - Country Profile

Market prices of seafood underpin harvest and management strategies for fisheries and aquaculture. Beche-de-mer (processed, dried sea cucumbers) are highly valued in Asian markets.

Chinese market prices of beche-de-mer: Implications for

Generally, a fishery is an entity engaged in raising or harvesting fish which is determined by some authority to be a fishery. According to the FAO, a fishery is typically defined in terms of the "people involved, species or type of fish, area of water or seabed, method of fishing, class of boats, purpose of the activities or a combination of ...

Fishery - Wikipedia

Eutrophication (from Greek eutrophos, "well-nourished"), or hypertrophication, is when a body of water becomes overly enriched with minerals and nutrients which induce excessive growth of plants and algae. This process may result in oxygen depletion of the water body. One example is the "bloom" or great increase of phytoplankton in a water body ...
