As one of three countries that control the Strait of Malacca, international trade plays a very significant role in Malaysia's economy. At one time, it was the largest producer of tin, rubber and palm oil in the world. Manufacturing has a large influence in the country's economy, accounting for over 40% of the GDP. Malaysia is also the world's ...

Economy of Malaysia - Wikipedia

Finland has a highly industrialised, mixed economy with a per capita output similar to that of other western European economies such as France, Germany and United Kingdom but slightly lower than Sweden.
