We Provide Over 10,000 Solution Manual and Test Bank

Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy.

Financial economics - Wikipedia

Corporate governance is the collection of mechanisms, processes and relations by which corporations are controlled and directed. Governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors ...

Corporate governance - Wikipedia

Emery, Finney, Stowe is the only corporate finance text to bridge the gap between theory and practice with a unique pedagogical framework, and the expertise of a researcher, practitioner, and teacher.
